PURPOSE

To continue to raise awareness of congenital heart disease and pediatric cancer in children and raise funds to support families in need and institutions helping the cause.

HISTORY

Teresa's Hope 4 Hearts came to be after Rich and Chelsea Stacy had their first child Teresa. She was born with multiple heart defects and had three surgeries (two being open heart) all before the age of three. They started the non-profit to help raise awareness and support other families going through similar situations.

In 2019, Teresa was diagnosed with Stage 4 thyroid cancer. She continues to show her unceasing strength as she battles this latest struggle.
